MISSING CHILDREN  
2019 **Kansas City**

Imagine someone you love disappearing without a trace...

one day...

two days...

a year...

no word from them.

---

Questions would continually be running through your mind. Are they being abused or raped? Are they being exploited for someone else's profit? Are they even alive?

This is the reality for the families and friends of the children you see in this book. Each face, each set of eyes looking back at you from these pages, represents someone's son or daughter, someone's loved one.

You can help save the life of a missing child! By looking through this booklet, and studying each child's face, you may be their way home!

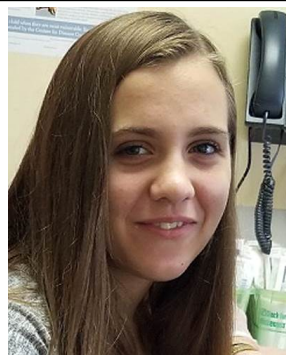

This booklet contains pictures of children missing from the Kansas City area. The circumstances surrounding their disappearances don't matter – they are young and away from their families. They are vulnerable. They may be being abused, forced into providing sexual services or have been deceived to believe they are performing these services willingly.

Please look closely at the photos that follow. **If you see a face that looks familiar please call 9-1-1.** YOU could be the one that helps rescue a missing child, and helps them get home to their family and loved ones.

**If you see these missing children please call the hotline  
(855-733-5567) or 911.**
